

How to Program Speedkeys on the Gilbarco Passport

1. Manager Work Station

- Go to **Manager Workstation**
- Select **Setup**
- Then select **Register**
- Followed by **Speedkey Maintenance**
- Then select **Change**

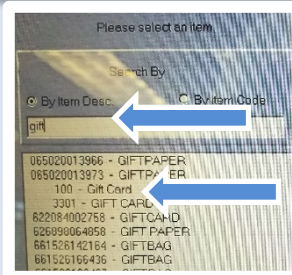

2. Select Add Key

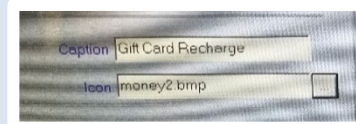

3. Select 100 – Gift Card

- Type **Gift** in search bar and hit **Search**
- Then select **100-Gift Card**

4. Customize Key

- Under **Caption**, enter desired key label for display
- Under **Icon** select image to be displayed on the key

- Then select **Save** on the right side of the screen
- Return to sale screen and speedkey should now be visible
